SUMMARY

As an aspiring UI/UX designer, I am passionate about creating intuitive and visually appealing interfaces. The opportunity to shape user experiences through design has always intrigued me, and I am committed to pursuing this field with dedication. My goal is to grow into a role where I can contribute to significant design projects and make a meaningful impact. I am open to new opportunities and collaborations, and I am always ready to embrace new challenges.

PROJECT EXPERIENCE

Landing page - UrbanFest

Drawing inspiration from competitor sites and an in-depth study of the target audience, I developed a clean and user-friendly design that effectively captures the event's spirit.

Education Web Service

Our team divided the tasks, and I actively managed the process, assigning roles and fostering team spirit. We analyzed, presented ideas, worked together and separately. The project is founded for people who want to make route in map.
