SUMMARY

As an aspiring UI/UX designer, I am passionate about creating intuitive and visually appealing interfaces. The opportunity to shape user experiences through design has always intrigued me, and I am committed to pursuing this field with dedication.My goal is to grow into a role where I can contribute to significant design projects and make a meaningful impact. I am open to new opportunities and collaborations, and I am always ready to embrace new challenges.

PROJECT EXPERIENCE

GOIT 2024

Landing page - UrbanFest
Drawing inspiration from competitor sites and an in-depth study of the target audience, I developed a clean and user-friendly design that effectively captures the event's spirit.

Education Web Service
Our team divided the tasks, and I actively managed the process, assigning roles and fostering team spirit. We divided our roles and each did our part of the work, but also helped each other. They analyzed, presented ideas, worked together and separately. The project is founded for people who want to learn something new, and I also analyzed the business plan for getting started.

WORK EXPERIENCE
